Bug List

The bug list is intended for reference only. In an effort to prevent any potential self-misdiagnosis, if you think that you have experienced a cited issue, please contact Support Team to verify. Although a listed bug might sound similar to your situation, it is best to confirm it.

Bug #	Description
BUG-15949	Fixed issue with Connect POS suspend order functionality using thin client POS.
BUG-15910	Fixed issue with adding new colors./sizes to an existing product by selecting them on the grid, that was not displaying the new colors when viewing "classic view".
BUG-15908	Fixed issue when creating new customers from POS and Customer Manager that was causing a white screen.
BUG-15904	Updated the inventory availability checks in the eBay Launchpad Cron to follow the availability rules: The 'Limit Available Warehouses' functionality ignores the 'available_for_fulfillment' flag on the Warehouse, now the inventory check does as well.

BUG-15885	Fixed issue with Image Generation Tool for version 5.15.
BUG-15881	Fixed issue with Product / SKU Import reactivating of old base inventory on the products when the Standard / Upgrade. Inventory was the same as the base inventory.
BUG-15840	Fixed saved report issue where when adding criteria to a saved financial report and saving, the additional criteria was not being saved.
