### What's New?

Following is a summary of the enhancements and new features added in this software release. Unless you requested to be a Release Candidate, the features listed below are not available until the General Release date noted above.

**Enhancement:**      **PS-5146: S&S Activewear Integration**

**Version:**            7.4

**System Path:**      System Settings Manager > Integrations

**Description:**      This enhancement provides the ability to import the full S&S Activewear product catalog into CORESense and then update the catalog on a daily basis.

### Bug List

The bug list is intended for reference only. In an effort to prevent any potential self-misdiagnosis, if you think that you have experienced a cited issue, please contact Support Team to verify. Although a listed bug might sound similar to your situation, it is best to confirm it.

<b>Bug #</b>	<b>Description</b>
BUG-16949	Fixed issue with POS Replication of Returns against value cards.
BUG-16940	Fixed issue with Email Campaign Manager not completing delivery of email blast.
BUG-16933	Updated form template that allows one to limit the number of characters for the 'Address' fields on the website so that max length is only shown if set.
BUG-16926	Updated the Website Template Manager > 'Universal' check function to look for potential duplicate entry errors.
